

CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

What is Claimed is:

1-71. Canceled

72. (Previously Presented) A rotisserie oven for cooking food, comprising:

an enclosure that includes walls;

a heating element inside the enclosure;

a plurality of plates, each having a center, wherein the plates in combination with at least one rod form a spit assembly and wherein the spit assembly does not include any structure extending from the center of one plate and connecting to the center of any other plate, and wherein at least one of the plates has a plurality of teeth situated around its peripheral boundary; and

an exhaust vent located in one of the walls of the enclosure, the exhaust vent having an indent extending into the enclosure with an opening at the top of the indent.

73. (Previously Presented) The rotisserie oven as claimed in claim 72, wherein the exhaust vent is louvered.
